enquiries@thesocceracademy.info

Learn the various disciplines of the game with our experienced coach. Game management - knowing when to run, how to communicate on the field, tactical field placings, backing up are all on the schedule and will improve your child's all round game

Fielding

improve ball handling, catching and throwing with games, drills and activities designed for beginners and more experienced players alike

Batting

Forward drives, hooks and cuts are all on the programme, over time we can ensure your child can hit the ball to any part of the ground, we will also have some fun with reverse sweeps and scoops!!

Bowling

We can teach the classic bowling action from the very beginning, helping your child to master the techniques required to deliver top quality overs!
